HW Home is honored to participate in the Junior Symphony Guild's Show Home benefit.

About the Guild | The Junior Symphony Guild was established in 1958 and has contributed to the musical education of Denver area children for more than 50 years. JSG has raised more than \$4 million to benefit symphonic and classical music organizations and programs in the Denver metropolitan area. JSG is an independent, non-profit organization that works to cultivate music appreciation among children. JSG has developed and funds unique music education programs that introduce children to symphonic and orchestral music. Proceeds from the JSG Showhouse, in part fund these programs. JSG coordinates and sponsors a series of about 20 "Tiny Tots" concerts for children ages 3 to 6. The concerts are performed in January and February at seven locations throughout the Denver metropolitan area. JSG also underwrites "Inside the Orchestra" programs for approximately 25-30 elementary schools each year. Learn more at www.jrsg.org.
