"I HAVE A SOFT SPOT FOR THESE SILKY SOFT, FLEECY ACRYLIC BLANKETS MADE BY THE SWISS FIRM ZOEPPRITZ. They come in a sumptuous rainbow of colors, and they make you feel as though you are hugging your favorite childhood teddy bear! Also, down-filled throw pillows are always my first choice for making my sofa the most comfortable nest possible." Zoeppritz microstar blanket (\$160) and Venezia decorative pillow (\$170) The Brass Bed Fine Linens & Furnishings, (303) 322-1712, brassbedofdenver.com. — *Niña Williams, Editor at Large*

"I TURN MY BATHROOM INTO A RETREAT by drawing a steaming tub full of Abra's bath salts. I turn off all the lights, set my favorite aromatherapy candle on the counter and close the door. By the time I have soaked for 15 minutes all of the day's tensions have disappeared and I am ready to sleep like a baby." Relieve Insomnia bath salts (\$13.99/17 oz.) Whole Foods Market, (720) 941-4100, wholefoods.com. — *Kendra Anderson, Food Editor*

"I LOVE TO COME HOME FROM A ROUGH DAY AND TAKE A LONG BATH WITH SCENTED BABY OIL. It is so soothing and moisturizing." Burt's Bees Apricot Baby Oil (\$8.99/4 oz.) Whole Foods Market, (303) 545-6611, wholefoods.com. — *Kasey Collins, Assistant Editor at Large*

"I RECENTLY DISCOVERED VOLUSPA, perhaps the most delicious candles that have come to the market since Diptyque. The packaging is as stunning as the fragrances, which range from Santiago Huckleberry—sweet and spicy, with hints of vanilla pod and sugarcane—to my favorites, Baltic Amber with forest scents of sandalwood and cedar, and Capri Fig Frangipani (a sweet and tart scent, with a hint of sweet rose petals)." Voluspa candles (\$7-\$44) HW Home, (303) 394-9222, hwhome.com. — *Kate Bailey, Editor in Chief* ▷
