**THE BEST!**

■ **1 Hanging Lamp**

The shade of this lamp looks like mosaic glass, but it's actually pieced resin, for a look more modern than medieval. Kayak lamp in amber stripes, \$795. HW HOME: 303-394-9222.

■ **2 Pint Holder**

We thought this was the chic-est thing we'd ever seen: a heavy cast-aluminum holder for ice cream, with matching scoop. It does for Häagen-Dazs what the hip flask did for Jameson. \$45. LUMARES: 415-621-0764.

■ **3 Rug**

Of course you've seen Thomas O'Brien at Target. But have you seen his luxurious new wool-and-silk rugs for Safavieh? The inspiration is Moroccan. Irena, 6 by 9 feet, \$2,250. SAFAVIEH: 866-422-9070.

■ **4 Calling Cards**

We all simply have too many phone numbers. Aren't these customized cards nicer than tearing off a scrap of paper and begging someone for a pen? \$150 for 50 from CRANE & CO.: [www.crane.com](http://www.crane.com).

■ **5 Desk**

Grange Furniture is starting its own little French Revolution with the hot pink interior of this secrétaire. Surprise yourself whenever you drop the top. And don't miss the hound-shaped hardware. Scribbles Chair, \$5,980. GRANGE: 800-472-6431.
