Maya Oval Dining Table: A One-of-a-Kind Sustainable Statement Piece
The Maya Oval Dining Table is more than just furniture; it's a showstopping work of art, sustainably sourced from Guanacaste wood in Mexico. Each table is one-of-a-kind, showcasing the natural beauty and organic shape of the tree from which it was crafted. Our vendor partners work closely with Mexican forestry programs, ensuring that only dying or fallen trees are collected, giving them new life in the form of stunning, functional pieces. Not a single piece of wood goes to waste. Offcuts from the table-making process are skillfully repurposed into vases, bowls, trays, and other decorative accents, allowing every part of the tree to be utilized. Finished in a rich ochre tone, this table brings warmth, character, and sustainability to your dining space. Due to the natural variations in each slab, dimensions and shapes may vary, making every piece truly unique. Dimensions: W 83.5" x D 59.75" x H 30" A timeless conversation piece with an eco-conscious story designed to make an impact in your home while respecting the beauty of nature.
