

V. Monsaraz

Short Description: Small

SKU: HNR4033

$115.00

Every Henry Dean object is created out of mouth-blown and handmade glass. The use of a wooden mold is a very primitive tech nique to create glass objects and must be performed by the skilled hands of real artisans. Each time this mold is used, it burns ou t a little bit, thus giving each object its unique, handmade character.Dimensions: Dia. 6.25" (top) Dia. 3.5" (bottom) x H 5.75"
