

ONYX CUBE SIDE TABLE

SKU: COM1185

Onyx is a natural, translucent stone that allows light to pass through. More expensive (and desirable) than cultured marble, it is also an extremely variable stone, with wild veins and multiple colors--like the brown accents you see in this piece. No two pieces of onyx are ever the same. This side table is sure to make a unique and beautiful addition to anyone's home. Dimensions: W 18" x D 18" x H 20"
