Enliven your senses with our aromatic herb scent, Aix en Provence. This candle is a love note to our favorite Provencal town that sits at the base of the Sainte Victoria Mountain. Found in abundance, rosemary and sage grow wild on the local hills and fields. A favorite springtime activity in this region is a long weekend hike to pick up and stock up on these highly coveted herbs. Bring the fragrance of Cezanne's muse, the sunny French countryside, into your kitchen. Our candles are made to burn longer than most traditional candles, and if burned correctly, can last up to 100 hours.Dimensions: W 7" x D 7" x H 3.5"
